## **NEW FREDRIX PRINT CANVAS WAREHOUSE IN BELGIUM NOW OPEN**

Lawrenceville, GA USA – Feb. 10, 2011 – Fredrix Print Canvas is strengthening its ties to the European market by announcing a new warehouse in Rekkem, Belgium that is now fully stocked and operational.

You can now purchase from an inventory of Fredrix inkjet and solvent/UV curable canvas rolls priced in Euros, available for delivery from local freight and parcel companies. By greatly improving cost and delivery times throughout Europe, Fredrix products will be more readily accessible to the fine art, décor and other markets for canvas media.

Following a successful appearance at the Paperworld show in Frankfurt, Germany this past January, Fredrix continues its outreach to the European audience in May at the FESPA Digital show in Hamburg where new products and additional information about Fredrix Print Canvas can be reviewed.
